Ziyad Bin Yousef Al Asim

As per Awab holding's objectives, we open our doors for all types of training/trainees in order to train, develop, provide more exposure about the business industries, as we consider such programs as a part of our social services participation. Thankfully, Ziyad Al Asim has been a part of our programs.

Ziyad has joined us on 14/06/2020 until 16/07/2020 as an IT Trainee. During that period, he has shown motivation, initiative, commitment and attitude. This has assisted him in fulfilling his duties fully.

He has cooperated with the IT team in multiple internal projects. Such as updates MS Windows, general IT support projects and he even took things ahead as he initiated an archiving software which fulfils our needs.

Such talents are who seek to hire as a perfect package for us. Therefore, we will always open our doors for Ziyad and will recommend him for others.
